VALENTIN LILGENAU

Valentin Lilgenau was born and raised 1994 in Vienna, Austria. In 2009 he started working as an intern in the lightning, camera and production design department. During these numerous internships in Austria and Germany Valentin was able to experience all the facets of a good working set. In that time he already realized a number of music-videos and short-films. While studying at „the media school of vienna” he collaborated with many directors who shared the same urge to tell stories and established ongoing associations with them.

In 2015 Valentin got accepted at the prestigious Film Academy Baden-Wuerttemberg as a cinematographer. During his studies he continues to shoot commercials, features and music promos.
